### **Discussion & Chair Note:**

It is generally expected that individuals presenting papers should also be willing to serve as a session chair and/or discussant in another session. Serving as a discussant or chair in another session allows presenters to receive valuable feedback from their peers and helps provide a better conference experience. Individuals not willing to do this may opt-out by selecting the opt-out option when registering for the conference for an additional \$75 fee.

**There are many ways to participate in the annual meetings of the Eastern Economic Association...**
